

A diagram of a rectangle divided into three regions. The top-left region is labeled 'Hat', the middle region is labeled 'Face', and the bottom-left region is labeled 'Nose'. The 'Hat' region is bounded by the top and left edges of the rectangle and a diagonal line from the top-left corner to a point on the right edge. The 'Face' region is bounded by the top, right, and bottom edges of the rectangle and the diagonal line from the top-left corner to the right edge. The 'Nose' region is bounded by the left and bottom edges of the rectangle and a diagonal line from a point on the left edge to the bottom-right corner.

Hat

Face
